*De Luca DOP LAMETIA Extra Virgin Olive Oil  
it is the oil that most respects the typicality of the territory with an  
olive-growing tradition thanks to the quality of the olives obtained from the variety  
typical of Calabria Carolea, it has excellent aromatic notes  
and excellent organoleptic properties. The chemical composition  
it is characterized by a significant presence of natural antioxidants  
Polyphenols and Tocopherols, In it the cultivation of the olive tree has been handed  
down from more than 200 years from generation to generation.*

*Aroma: medium fruity with clear herbaceous sensation  
attributable to the green almond.*

*Flavour: overall harmonic with evident,  
but light, bitter sensation and more lively than spicy.*

*Pairings has no contraindications on any dish,  
because respectful of food,  
it does not cover the flavor of even the most delicate dishes.*

## E.V.O.

*De Luca Extra Virgin Olive Oil  
produced in Italy with 100% Italian Calabrian olives from the Lametina plain  
PREMIUM Superior quality Cold extracted by processes  
mechanics within 4 hours of collection.*

*Carolea monoculture*

*EVO Carolea is characterized by a low acidity which on average varies between  
0.2 and 0.3%, therefore a product of excellent quality.*

*Yellow in color with green reflections,  
with a medium-delicate fruity aroma with hints of apple,  
artichoke and herbaceous hints. The taste is very delicate and harmonious  
Thanks to its characteristics linked to the unmistakably pleasant scent,  
delicate and elegant, it is a particularly extra virgin olive oil  
suitable for feeding children, therefore for weaning baby food  
but also in fish-based preparations that do not risk being  
dominated by the flavor of the oil but rather delicately enriched.*

# LA PINSA

*Antigianale Con Pasta Madre*

Base fresca pronta da infornare

**La Pinsa comes from a mix of high quality flours, rice flour made in Calabria, sourdough and extra virgin olive oil. The dough is worked by hand in a completely different way from that of pizza, giving rise to a product that has one of the authenticity its strengths. To favor the digestibility of the Pinsa are the long leavening and the high hydration of the dough that make it crumbly and fragrant.**
